Education in Focus. 2 item. 1st Grade Resources. One of my primary concerns is that the present moment is all we have, not the past or the future. There are a variety of ways of being in a Present Moment, but I would like to offer a definition that I think covers the three most prevalent. This is just my opinion. I have little interest in settling the debate on the nature of consciousness. Because I do not believe in the "Self" I would be content, if there were no consciousness as such. Related Collections.
